

Build Playground  
Warehouse / Workshop

**DOMINICAN REPUBLIC**

# Build Playground Warehouse / Workshop

We've been gifted access to a piece of land for several years and plan to construct a 4,000-square-foot, container-based workshop and warehouse. This moveable structure will give our team the space needed to refurbish, prepare and safely store playgrounds that bring joy and hope to children.

**Financial Need: \$30,000**

*Thank you for your partnership in this transformative mission!*
