DOMINICAN REPUBLIC

Pickup Truck

Currently, our team in the Dominican Republic relies on personal vehicles to transport meals, playground equipment, and supplies to over 30 Hope Zones spread throughout the country. A dedicated KATW pickup truck would greatly increase efficiency, safety, and capacity, enabling staff to make timely food deliveries, transport playground materials for installations, and reach more children with the resources they need to thrive.

Financial Need: \$30,000

Thank you for your partnership in this transformative mission!
